1. New IUP will replace existing IUP # 55805 Doc # 836119 which expires upon a change in ownership or control.
2. An Annual Review for Compliance will be conducted in January of each year by Zoning Staff. If the conditions of the permit have not changed, and no complaints or concerns have been filed, the mine will be determined to be compliant once the annual fee is paid. If the conditions of the permit have changed and/or if it is determined by the County the mine is noncompliant, the applicant will be advised to attend a public hearing with all associated costs being borne by permit holder for further review or amendment. This is not an exclusive remedy.
3. The annual fee for the permit shall be based on the current per acre fee set by the County Board in the annual fee schedule.
4. No more than 27 acres can be open at any time. Open is defined as an area stripped of its natural vegetation or not reclaimed. This includes but is not limited to stockpiling of materials, crushing spreads and roads. During Zoning's Annual Review for Compliance Knife River or Trilogy Properties will provide the County with Global Positioning Satellite (GPS) data to determine if the open acreage is in compliance with the 27 acre requirement.
5. A staff gauge must be installed in Wetland Basin 1, as identified in the Wetland Conservation Act - Notice of Decision dated 10/24/2016. Water levels must be reported monthly to Zoning Staff by Knife River or Trilogy Properties during the growing season. Impacts to wetlands, per the Wetland Conservation Act Rules, Chapter 8420, are not allowed.
6. The permit holder shall secure and maintain commercial liability insurance for the duration of the permit and shall provide the County with a copy of its certificate of liability insurance prior to commencing work under the permit and annually thereafter.
7. Permit holder shall maintain performance & surety bond based on the current per acre fee set by the County Board in the annual fee schedule.

8. The gate located at 211th Street shall be kept locked when an attendant is not on duty. At this gate a sign must be posted with a 24 hour contact number to report concerns.
9. The day and hours of operation:
 - a. Mining 6:30 am – 9:00 pm Monday – Saturday.
 - b. Maintenance 6:00 am – 9:00 pm Monday – Saturday
 - c. No operation on Sundays, or on the following holidays: New Year's, Memorial, Independence, Labor, Thanksgiving and Christmas.
10. Dust mitigation plan will include the use of calcium chloride on haul road and water per practical application with log kept of the application. Repeated application may be necessary during extreme dry conditions. Water will be added to the feed point of the crushing spread when visible emissions are present. All watering records must be made available to the Planning and Zoning Office.
11. All mining activity must comply with MN Rule 7030.0040 Noise Standards. If complaints arise related to the noise levels the permit holder will supply the County with a valid noise level test in accordance with MN Rule 7030.0060. If a noise level test does not exist the permit holder will be required to complete one at their expense and supply the County with a copy promptly upon request.
12. A hot mix plant will not be allowed under this permit.
13. Dewatering will not be allowed under this permit.
14. It shall be the responsibility of the pit operator or owner to control activity within the pit area and cleanup any debris or other material left on-site.
15. Sanitary facilities shall be provided for workers during pit operation. Portable toilets shall be secured from tipping over and have secondary containment.
16. Applicant is required to maintain their NPDES (National Pollutant Discharge Elimination System) permit.
17. The permit holder shall hold Big Township and the County and its respective officers and employees harmless from claims made by anyone for damages sustained or cost incurred resulting from the gravel extraction operation of this permit. The permit holder shall indemnify Big Lake Township, County and its respective officer and employees for all costs, damages or expenses, which the Township or County may pay or incur in consequences of such claims, including attorney's fees.
18. Mining activity shall be according to the Proposed Mining plan submitted by Knife River Inc. received August 6, 2018. The applicant is proposing to mine to a depth of 920' above mean sea level which will leave an open water pond.
19. Restored Areas will be seeded with an appropriate seed mixture. Upon completion of mining, the restored site will comply with "Restored Conditions" plan dated August 6, 2018.
20. Applicant to comply with Section 16.2 - Subdivision 5.14 of County Zoning Ordinance and all local, state, and federal laws.
21. Gravel tax payments to the County Auditor must be kept current.
22. The Findings in the Zoning Ordinance under Section 18, Subdivision 6.4 have been made.
23. The applicant shall agree to permit the County to inspect the property anytime.
24. Discharge of firearms will not be allowed in the pit.
25. The permit will have an end date of 36 months from County Board approval date which will be of March 17, 2020.

The motion was seconded by Petersen.

At the public hearing on Sept 20, 2018 the Planning Advisory Commission recommended approval of the request with the following conditions:

1. In response to the State Archeologist and Historic Preservation Office, at a minimum, the developer should provide all contractors with information on what to look for and requirements if archeological artifacts or human remains are found during the processes of construction of roads, storm water pond construction, home or septic system construction. If anyone discovers an ancient cemetery or artifacts, they are required by law to immediately stop work and call local law enforcement first and the state archaeologist second. Information can be found at: <https://mn.gov/admin/archaeologist/thepublic/resources/faqs/>
2. Park dedication fees in the amount of \$32,000 will be paid to the Public Works Department when the Final plat is signed.
3. Since wetland areas are within the Shore Impact Zone and they are also located within the floodplain of Rush Lake, no impacts to the wetlands on any lake lot are allowed which includes: a. No wetland fill is allowed. b. No wetland excavation. c. No alteration of wetland vegetation. This will prohibit sod grass installation. d. Ice ridges cannot be removed. e. No beach sand blanket.
4. Prospective buyers of Lots 1, 2 and 3 of Block 2 must be notified of the designated lake access locations on each lot that are nonwetland, along with the restrictions for wetlands on those lots.
5. The developer is required to obtain a Shoreland Alteration Permit (Major) before clearing of vegetation and grading or excavation.
6. If the septic system on proposed Lot 2, Block 2 is allowed to remain for the house next door on proposed Lot 1, no permits will be issued for either of those lots until a new septic is relocated onto Lot 1 with the house.
7. If removal of the outbuildings on proposed Lot 2, Block 2 and Lot 2, Block 1 are allowed to remain after Final Plat approval, no permits shall be issued on those lots until the structures are removed. Structures may not be burned or buried onsite. They must be disposed of at an MPCA licensed landfill.
8. Concrete slabs located in the proposed right-of-way shall be removed and disposed of at a licensed landfill when the road is constructed.

9. Removal of structures will require a razing permit from Zoning along with a copy of the form "Notification of Intent to Perform Demolition" that has been submitted to the MPCA. The County also has a PreDetermination Items of Concern Checklist" that will also be required to be completed and submitted to the Zoning Department prior to a razing permit being issued.
10. The Registered Land Survey for this property must be recorded prior to scheduling the plat for final meeting in front of the Planning Commission.
11. An NPDES permit must be submitted to the Zoning Department prior to being scheduled for final plat approval.
12. A Stormwater and Erosion Control Permit is required from the Zoning Department prior to being scheduled for final plat approval.
13. A Developers Agreement must be signed with the County Attorney's Office.
14. Final plat must be recorded within one (1) year of County Board approval.
15. The intersection of CSAH 16 and 57th will be modified to provide for a right turn lane and bypass lane. Further, the County shall contribute the sum of 1/3 of the cost for the project costs, in a sum not to exceed \$12,000 for such improvements.
