MEC² PRO is an electronic billing application that works with MEC² and allows providers to submit bills for Child Care Assistance Program services. Providers can electronically submit bills to Sherburne County using a secure internet process. MEC² PRO lets providers enter bills on-line and view submitted bills and remittance advices.

By choosing to use MEC² PRO I certify that our child care billings are correct. I understand that if the family fails to pay their co-pay the family may be ineligible. Signatures from parents are required on billing forms. Upon county request billing forms must be provided to verify signature.
