**SHERBURNE COUNTY TO GO ELECTRONIC FOR MOST PUBLIC SERVICES;  
IN-PERSON APPOINTMENTS ACCEPTED FOR ESSENTIAL SERVICES ONLY**

During this COVID-19 pandemic, the Sherburne County Government Center will continue to remain open for business, including for limited In-Person Appointments for Essential Services, as county workers remain committed to providing essential services to the public.

Beginning Monday, March 23, most government services will shift to being provided through County Department websites, through email or US mail, and via phone/fax calls.

If it is necessary to have a face-to-face interaction with county employees to conduct or transact essential business, an appointment must be made.

We will accept requests for appointments for only the face-to-face visits that are required by state or federal law and for which electronic or US Mail alternatives are not available.

The County has created an online appointment scheduling portal that can be found at <https://www.co.sherburne.mn.us/1132/6341/Appointments>

It can also be found by going to the main county website and hovering over the "How Do I" headline and then clicking on the "Make Appointments Online" link.

That web page also has contact information for all County departments. We urge residents who need access to services to use our website or make a phone call.

We are making this change to comply with social distancing standards that health care professionals are recommending in response to the spreading COVID-19 outbreak.

Our Driver's License Office will remain open and will take appointments through the County website's online scheduling portal. You can also call also the Drivers' License Office at (763) 765-4380 for questions not answered on the County's website.

We continue to urge everyone who is sick or who isn't feeling well to STAY HOME and to avoid coming to the Government Center.
